

CENTRAL SOUTHERN CLASSIC FLYING CLUB

RACE PROGRAMME 2022

The Autumn Committee meeting was held on Thursday 7th October 2021 at South Newton Village Hall, Salisbury. Firstly the 2020 AGM was conducted to finally conclude business for last year.

The Committee then came on to discussing how this years racing had been and to view the end of year accounts and agree to accept them in order so they can be sent out to our members.

For racing in 2022, even though things seem to be moving in the right direction for channel racing, nothing is set in concrete at this present time and the Committee feel the best option is to organise a South Road race programme and an alternative North Road race programme if we are unable to fly the channel.

Another item on the agenda was transportation. At this present time we use the British Barcelona Club vehicles for transporting the birds, which is to continue in regards to the larger transporter but due to the BBC's smaller lorry now at an age where it's costing more to keep on the road then its actually worth, it was voted on by the Committee to purchase a 7.5 Tonne lorry for the Classic. This will allow us to be able to convoy between 1,200 and 1,320 birds. Both lorries will be used by both the Classic and BBC.
